For over a quarter of a century, Star Nail International has led the nail industry in the development and manufacturing of some of the most innovative professional products and services.

Founder and CEO Tony Cuccio, along with his partner, Chief Operating Officer Roberta Cuccio, literally built Star Nail from a suitcase of cosmetics on Venice Beach, California and transformed Star into a global brand leader by focusing on producing the highest quality products at affordable prices.

Star Nail International takes pride in its ability to continuously develop successful products using state-of-the-art technology. With the latest introduction of the Eco Nail System, Star Nail has once again solidified its position at the forefront of the salon industry by recognizing and satisfying the demands of today's professional nail technician for more customer friendly products and services.

The Power of Star Nail is boundless. We will continue to provide you with the professional tools and services you need to build and maintain a successful career in the global nail industry.

We thank you for your continued business and look forward to the next 25 years working together.

Respectfully
Tony and Roberta Cuccio
