## Be the Mastermind Behind Your Salon's Success with Star Nail's New Eco Pretty Tough Soak Off UV Gel Master Kit

*A great alternative to polish, last weeks longer than traditional polish!*

Valencia, CA – June 1, 2010

Pretty tough manicure-no chips, no smudges, 2 week manicure, guaranteed! Semi permanent manicures and pedicures are becoming one of the most asked for services in salons today. The gels hit the runways this last fashion week in New York and it has caused a remarkable response sending women flocking to their local salon to find out how they too can have fashionable nails. The soak off gel is a great alternative to a picture perfect polished look! The gel coat shrink-wraps itself around the nail giving it a coating that is strong yet flexible and gives nails an overlay topcoat with less chipping or peeling. The soak off gel is great for use on natural nails. The gel contains self-leveling properties to make for a smooth and easy application with no lifting and a super glossy finish!

The new Pretty Tough Master gel kit includes: 22 - 1/8oz. of the most fashion forward gels plus Pink, White, Clear and Base Coat, Nylon Gel Brush 4pc. Set, New Soak Off Step-by-Step Instructions & DVD, Hydrating Soak Off Solution 8 oz., Finishing Wipe 4 oz. and a set of clear tips on a post to display your color selection and works of art! The new intro deal for this is you buy the Master kit and get a 36-watt UV light free! The kit and light are everything you need to position yourself instantly as a pretty smart nail tech!

Position yourself as a gelanista! Get your clients addicted to the latest trend to hit salons and spas with a moneymaking alternative to polish! Offer this service now! Call today for other great products using the gel systems log on to [www.starnail.com](http://www.starnail.com).
